ABOUT US

Who We Are

Girls Inc. is a registered charity serving Durham Region since 1984. We belong to a network of 84 Girls Inc. affiliates across the United States and Canada, with our head office in New York. Our comprehensive approach to whole girl development equips girls to navigate gender, economic, and social barriers to grow up healthy, educated, and independent.

These positive outcomes are achieved through three core elements: **people** - trained staff and volunteers who build lasting, mentoring relationships; **environment** - girls-only, physically and emotionally safe, where there is a sisterhood of support, high expectations, and mutual respect; and **programming** - research-based, hands-on and minds-on, age-appropriate, curriculum-based programs that meet the needs of today's girls. Informed by girls and their families, we also advocate for legislation and policies to increase opportunities for all girls.

Mission

Girls Incorporated of Durham empowers girls to believe in themselves and reach their full potential. We inspire all girls to be strong, smart, and bold through advocacy, education and programs.

Vision

Empowered girls living in an equitable society.

HEALTH AND SAFETY

The health and safety of program participants, volunteers and staff is of primary importance in all of Girls Inc. of Durham programs and upheld by the health & safety policy adopted Feb 26, 2010. Every effort will be made to ensure that all activities within programs and facilities are safe and secure, both physically and emotionally, thus promoting an environment in which all program participants, volunteers and staff feel comfortable for optimal learning and enjoyment.

Additionally, All provincial COVID protocols will be followed.

STAFF TRAINING

Girls Inc. Staff have received Parks and Recreation training that is designed to support the safety, well-being and healthy development of children in recreation and sport programming. There will always be at least one adult (staff/volunteer) on-site with current CPR and First Aid Certification.

CRIMINAL REFERENCE CLEARANCE

All staff and volunteers must obtain criminal reference clearance, conducted by Durham Regional Police Services prior to any interaction with program participants.

CURRENT MEDICAL EMERGENCY INFORMATION

Current medical and emergency information of all program participants will be on-site at all program locations, as well as in our database system. It is the responsibility of parents/guardians to ensure that this information is correct.

Under no circumstances are staff or volunteers allowed to administer medications. Participants requiring medications but not old enough to administer their own (as identified by parent), parent/guardians must ensure medications are administered prior to program or event. *With exception of an EPI PEN.*

My 10 year old thought she was too old and cool for camp (that wasn't specifically sports related). Then she came here. An amazing and empowering week that she is so excited about. She's already talking about going back next year as a counselor in training. Thank you for all you do.

EMERGENCY PROCEDURES AT PROGRAM LOCATIONS

Girls Inc. of Durham primarily conducts programs utilizing community locations each program emergency plan will abide by the location specifications. However, all program participants, volunteers and staff will be made aware of emergency exits and all program participants will discuss with staff/volunteer an emergency plan that is specific to the location in which the program is being offered.

In the event of a medical emergency or accident on an outing, staff will make every effort to inform the parent or guardian as quickly as possible. If the participant is injured or unwell while in Girls Inc.'s care, medical attention will be sought.

OUTINGS

While on a Girls Inc. outing, staff will have with them all emergency information pertaining to the participants attending. The information will include but is not limited to: home and emergency phone numbers, list of allergies and medications. In the event of an emergency the participant's needs will be met first and the parent/guardian will be notified immediately.

POLICY ON DIVERSITY AND ANTI DISCRIMINATION

Girls Inc. is committed to diversity in principle and practice. Our programs are open to all girls. Our commitment is founded in our communal sense of justice and gives expression to our belief that the world and our organization are nourished and enriched by the diversity of our cultures and experiences. We strive toward a world of understanding and mutual support.

We recognize and attempt to bridge the growing gulf in our society between rich and poor, privileged and neglected. Working with girls and young women, we also endeavor to eliminate sexism, racism, homophobia and other forms of discrimination.

We celebrate the similarities and differences among girls and embrace girls of every background and ability. We believe that girls are sisters: discrimination targeted toward some girls not only hinders their achievement but diminishes the strength of sisterhood for all.

ANTI-BULLYING POLICY

Bullying behaviour will not be tolerated at any Girls Inc. of Durham programming. In-keeping with Health and Safety Policies, it is the intention of Girls Inc. to ensure that all program participants, volunteers and staff feel safe and secure in the learning environment. The topic of bullying and other behavioural expectations will be discussed as a group on the first day of every program and group agreement will be created.

Should a problem with bullying behaviour present itself Girls Inc. will undertake the following necessary steps to resolve the issue:

- The program participant initiating the bullying behavior will be privately spoken to and will be made aware of the consequences of persistent undesirable behaviour. Every effort will be undertaken to work positively, constructively, and a non-judgmental manner with the program participant to alleviate the undesirable behaviour.
- If the undesirable behaviour persists, parents/guardians will be contacted and a meeting will be arranged between the staff, parent/guardian and the program participant. Strategies for overcoming the behavior will be discussed. The program participant and parent/guardian will be made aware of the consequence of persistent undesirable behaviour.
- If the undesirable behaviour persists, and, only as a last resort, when the above strategies have been exhausted, the program participant will be removed from the program.
- Fee re-payment in its entirety or any part thereof, may or may not be issued in the result of a removal from the program.
